Master of Business Administration

Approved by

The Value of a French Degree

The French Business Schools dominate top positions in the International Business School ranking in the European Continent. The French Higher Education in Management is par excellence and the French research and academic developments in Management are counted among the best in the world.

An IPE degree from the IPE Management School Paris is a quality and prestigious as there are many countries and an increasing number of accredited IPE learning centers around the globe offering IPE Management School Paris degree.

To achieve such standards of excellence, which are best by international inputs, IPE courses are composed of modules, developed by international academicians with high reputation in teaching and learning. With a long list of international academic publications: International programmes are created by an international body of academics for the global student community.

This makes IPE courses special and outstanding, a valuable addition to students' portfolio of academic studies. To maintain this excellent quality standard, all courses, modules and teaching centers are assessed by specific academic staff, appointed by and independently associated with the IPE Management School Paris.

Programme Benefits

- Online Learning Support
- 100% Course Work
- Affordable and Flexible Payment Structure
- Dual Awards

Teaching and Learning Strategies

Students will have access to electronic learning resources via the customized Online Learning Portal as well as E-Library. IPE Management School Paris is a strong advocate of deployment of educational technology and communication to ensure the best teaching-learning experience for its students. A variety of face-to-face and online delivery of lectures, seminars, tutorials and collaborative learning are used to cater to different needs of students.

Entry Requirement

An applicant may be admitted based on evidence to suggest that he/she will be able to fulfill and benefit from the objectives of the program and achieves the standard required for the award. A number of criteria are used when considering admissions to the program including candidate's language proficiency, working experience, academic and professional qualifications.

The entry requirements are as follows:

- 1- A bachelor Degree qualification in any subject from recognized institution
